Parents and Guardians,

Young Women's College Prep encourages all students to be active beyond the typical school day. We offer a variety of opportunities including, but not limited to; athletics, clubs, study groups and more. We believe that these types of opportunities not only enhance the total educational experience, but teach valuable life lessons that will enable our students, your children to be successful in life during and after their middle and high school years.

Often times, our after school activities end at a time that may not be conducive to your schedule for parent/guardian pick up. While we believe that parent/guardian pick up is the safest means of transportation, we understand that it is not always a realistic expectation. YWCP will provide RTS bus passes to students that need a ride home after participating in a school sanctioned club or activity, provided the following conditions are met:

- The student lives more than 1.5 miles from school.
- There is parental approval to participate in the activity.
- The activity is an officially sanctioned after school activity.

The safety of your child is extremely important to us. Please return the bottom portion of this letter stating whether you approve or do not approve RTS as a means of transportation for your child.
