A group of faculty and staff members participated in our yearly restorative circle training with Partners in Restorative Initiatives (PIRI). Mrs. Linda Brink created this word cloud capturing words and phrases that resembled YWCP faculty and staff. Mrs. Brink stated, "I'm really proud of who we are as a staff at YWCP. This shows our hearts, who we are as people, and is a good representation of "us."

Staff Spotlight

Gerard Ramos

Music Teacher

In September, we welcomed Gerard Ramos to our YWCP family. Mr. Ramos believes music has the power to change one's outlook, mood, and even decisions. Mr. Ramos began studying the violin at the age of four and by 12 was performing with regional orchestras competing against 600+ students. He began teaching violin and building his own studio. After playing with regional orchestras for seven years, he received a full tuition scholarship to study at Rowan University and was granted a scholarship to study and perform in Italy. While continuing to build his own studio after relocating for college, he became a performing member of the Garden State Philharmonic. Additionally, he had the opportunity to perform with a quartet at Carnegie Hall. Outside of school, Mr. Ramos enjoys spending time with loved ones, trout fishing, video games, good coffee, learning languages, practicing penmanship, and getting to know new people and their cultures.
