

YWCP COVID-19 FAQ

What if a student or staff member tests positive for COVID-19?

The Monroe County Department of Health will be contacting YWCP for any positive test results. If the student or staff member is in school, we will immediately isolate the student in the designated Covid-19 nurse's office until the parents arrive to pick up their student; or we will immediately send the staff member home. All other students will be assessed and a decision to dismiss or quarantine students will be determined by the Monroe County Department of Health. If a student or staff member has been sent home for a positive Covid-19 test, they must receive a negative COVID test before returning to school or be quarantined for 10 days.

What if a student or staff member begin to show symptoms at school?

If a student or staff member begin to show symptoms while at school, they will go to the Covid-19 nurse's office for an evaluation. A determination will be made at that point. If a student or staff member is sent home for a suspected case of Covid-19, they will need to be seen at the Dr's office and receive a negative PCR COVID test in order to return to school.

What if a student or staff member is sent home due to having COVID-19 symptoms?

A student or staff member that is sent home ill and have COVID-19 symptoms must receive a negative COVID PCR test before returning to school or be quarantined for 10 days. They will receive a "Dismissal Letter from School Isolation" instructing next steps as well.

What if a student or staff member stays home from school/work due to having COVID-19 symptoms?

A student or staff member that presents symptoms of COVID-19 must receive a negative PCR COVID test before returning to school or be quarantined for 10 days. If the student or staff member are at home when they begin to show symptoms, notify the ***Covid-19 Nurse, Claudette Lowery at 585.254.0320 ext. 1260.*** Do not report to school if you have COVID-19 symptoms.

What if a student or staff member is exposed to COVID-19?

A student or staff member who is **vaccinated** and exposed to COVID-19 can still come to school as long as they do not have symptoms of COVID-19.

A student or staff member that is **not vaccinated** and exposed to COVID-19 must receive a negative PCR COVID test before returning to school or be quarantined for 10 days.

How will families and staff members be communicated about COVID-19 cases within the school building?

Families and staff members will be communicated about COVID-19 cases by email, Remind App, and a mailing home for families. If any staff member or student have been directly exposed they will be contacted by the school and Department of Health.

What does a COVID-19 exposure consist of?

According to the Monroe County Department of Health exposure to Covid 19 is defined by:

- Covid-19 exposure occurs when you are **unmasked** and within six feet of someone who has tested positive for Covid-19, for at least 15 minutes, or an infected person who shows no symptoms but later tests positive for the coronavirus.

Can a student or staff member attend school while waiting for COVID-19 test results to come back?
