Rochester, NY 14615  
Telephone (585) 254-0320

February 28, 2022

Dear Parents, Students and Staff,

During a press conference that took place on Sunday, February 27, 2022, Governor Hochul announced that on Wednesday, March 2<sup>nd</sup> the school mask mandate will be lifted. Therefore, **beginning Wednesday, March 2, 2022, masking will be optional throughout our school building at YWCP.**

We know people's readiness for optional masking will vary. Some will find the change hard; others will enthusiastically embrace the shift. If your child prefers to wear a mask, our school will continue to make masks available. These masks are accessible to students, staff and visitors and will be available near the main entrance or in the main office.

Please note that this change does not go into effect until Wednesday, March 2, 2022. As always, more information will be communicated as it becomes available.

Sincerely,

YWCP Administration
