

# Updated Arrival Procedure

---

Starting Monday, May 8th, 2023

Students who ride the bus will see a new arrival process starting this Monday. Students who are dropped off will not experience a change to their arrival process.

- Bus riders will continue to be dropped off in the bus loop and enter through Door 2.
- They will be directed into the cafeteria through the double doors.
- Students in grades 7-11 will continue to their grade level table to hand in their phones.
- All students will continue to the bag checking station.
- When prompted, they will walk through the scanner.
- Once cleared, students may proceed to the breakfast line and out of the cafeteria to their advisory.

Students will not be permitted back into the cafeteria for breakfast, once they have left.

**Students are expected to go directly to advisory.**

There will no longer be an announcement indicating that all buses have arrived.

Once the cafeteria is clear, a hall sweep will be called.
